

Please join the Planet Rehab Performance Troop for a night of musical inspiration as they present

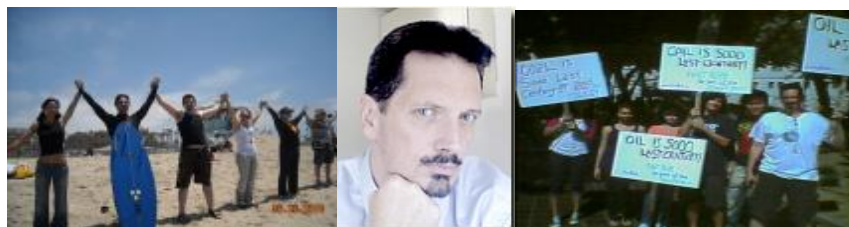

"Tending the Garden"

Wednesday, July 13
After the Pastors' Potluck
7:30PM - Plumer Hall

A journey into environmental awareness and our responsibilities to the Planet!

Planet Rehab is a nonprofit organization committed to protecting habitats and environmental education and believes the best way to do just that is through the magic of music. Using original music from their upcoming CD "Love Songs to Gaia" Planet Rehab hopes to not only educate, but inspire change and a greater love and respect for our Planet.

Planet Rehab has been at the forefront of the environmental movement for the last 5 years. Recent performances include Hands Across the Sand, Eco Star Foundation, Leaders Causing Leaders held at Long Beach Convention Center, Canyon Democrats and Whittier High School. Planet Rehab has provided Environmental Training to: NBC Studios, The Tonight Show with Jay Leno, Access Hollywood, MTV, Google, Starz and numerous other organizations and is just starting to bring their message to progressive churches with their Summer Tour.
